NOSY BE – MADAGASCAR

WHALE SHARKS TRIP + Nosy Sakatia

From October to December, Nosy Be hosts the biggest fish the world: The whale shark!

Whale shark come to Nosy Be to feed, mainly on small fish at the surface. With just fins, mask and snorkel, it is possible to swim with this extraordinary animal.

This day is an opportunity for us to sensitize travelers about these animals and collect scientific datas (GPS coordinates, identification photos, etc.). These datas, shared with the foundation and NGO "The Madagascar Whale Shark Project", allow us to better understand the movements and behaviour of this unknown shark.

Plan of the day

- 🕒 8h15: Briefing et departure
- 🕒 Morning on the sea looking for and snorkeling with whale sharks
