

SNORKELING TRIP NOSY TANIKELY / NOSY SAKATIA

" A FULL DAY 100 % SNORKELING "

The island of **Nosy Sakatia** is still very preserved. Huge green turtles take the opportunity to feed in seagrass beds called "turtle grasses".

In the marine reserve of Nosy Tanikely you will dive in a giant aquarium!

Accompanied by a specialized guide, you will leave by boat to reach **Nosy Tanikely** (about 15 min from Nosy Be) and observe the marine flora and fauna of the reserve. We will then go to Nosy Sakatia (30mins by boat) for lunch. In the afternoon, we will take you swimming with the green turtles coming to feed on seagrass.
